THIS OPTION ALLOWS ACCESSIBILITY TO A PHYSICIAN SCREENING FORM (PSF) AND ABILITY TO SUBMIT THE COMPLETED DOCUMENTATION.

If you would like to move forward with this option, click the continue button to the right and then sign the consent forms on the next page. Once you finish the process you will receive an auto-email with instructions and the screening form that you must submit, once you receive your results.

Thank you for selecting the option to submit physician screening results. **Note: If you do choose this option regular co-pays and deductibles may apply for the physician visit.** You will be emailed the Physician Screening Form which you must complete and fax back to us. **Please use your eight digit birth date to open the attachment (i.e. if you were born September 5, 1972 you would enter 09051972).**

Criteria and Instructions:

- The required laboratory tests include: **Lipid Panel and Glucose (either fasting or non-fasting).**
- The required biometrics include: **Blood Pressure, Height, Weight, and Waist Circumference.**
- All of the information included on the Physician Screening Form is required. Any missing information will prevent your results from being entered and therefore considered incomplete.
- Completed Physician Screening Form can be faxed to 210-899-1227 or emailed to AHYscreening@healthscreenings.com.

You should receive an email within 72 hours to confirm receipt of your form and supporting materials. If you do not, please contact eHealthScreenings by email at AHYscreening@healthscreenings.com or by phone at 1-888-708-8807.

Health Screening Consent

Your employer has contracted with Premise Health Employer Solutions, LLC, on behalf of its affiliate eHealthScreenings ("Premise Health") to provide certain health and/or wellness services in connection with voluntary health screen program.

If applicable, by participating in the biometric screening, you consent to the collection of a blood specimen and/or bodily fluids. You understand and acknowledge that the collection of blood through a needle or fingerstick may cause pain, a bruise or, rarely, an infection. You also consent to the collection of additional biometrics (height, weight, blood pressure, waist circumference, and perhaps other measurements, as
