

Breast Pump Coverage

Kansas City

Breast-feeding is one of the best ways you can protect your baby's health. If you've decided to breast-feed, your Blue Cross and Blue Shield of Kansas City (Blue KC) health plan may have coverage for a breast pump.

Find out if you have a breast pump benefit and how to order by taking these steps:

If you've thought about using a breast pump, call Blue KC Customer Service at the number on your member ID card. They can tell you if your plan has a breast pump benefit.

During this time, ask your doctor for a prescription for a breast pump (if your Blue KC plan offers a breast pump benefit).

Order your breast pump by contacting one of the in-network local or mail-order breast pump providers listed on the back. If you have not obtained a prescription from your doctor for a breast pump, you can ask the breast pump provider to request the prescription for you.

This list of providers can also be found on [MyBlueKC.com](https://www.mylbluekc.com) (after logging in as a member) and typing "breast pump" in the search bar.

Please allow roughly four weeks to receive your breast pump in the mail. **Contact your breast pump provider with ordering questions as they can best assist you.**

If you have a breast pump benefit on your plan, Blue KC will cover the allowable charge for a manual or electric breast pump, either double or single to meet the needs of you and your baby. The allowable benefit coverage may vary if you live outside the Blue KC service area.

In-network breast pump providers will have certain types and brands on hand. You are limited to one breast pump per pregnancy.

If you have benefit-related questions, contact Blue KC Customer Service by calling the phone number on your member ID card.
