

Benefits	Starting May 12, 2023
COVID-19 Lab Test & Related Services	Diagnostic (FDA approved) COVID-19 lab tests that are medically necessary and ordered by a health care provider (including testing related services) will be covered in accordance with the terms of the member's Health Benefit Certificate.
Over-the-Counter (OTC) COVID-19 Home Tests	No coverage for OTC COVID-19 home tests. Members may use their Health Savings Accounts (HSA) and Flexible Spending Accounts (FSA) to purchase OTC tests.
COVID-19 Anti-viral Medications (i.e., Paxlovid and Lagevrio)	Zero member cost share for these prescriptions while the government supply is available. Once the government supply ends, these prescriptions will be covered in accordance with the terms of the member's Health Benefit Certificate.* <i>*Plans who carve out pharmacy benefits to a third-party administrator will need to consult the Pharmacy Benefit Manager.</i>
Telehealth - Includes Medical and Behavioral	Coverage for Telehealth visits will be covered in accordance with the terms of the member's Health Benefit Certificate.
COVID-19 Vaccines & Boosters	Zero member cost share for COVID-19 vaccines/boosters while the government supply is available. Once the government supply ends, COVID-19 vaccines/boosters will be covered in accordance with the terms of the preventive benefits in the member's Health Benefit Certificate.
