

Understand your costs and compare options

Compare healthcare costs and find ways to save.

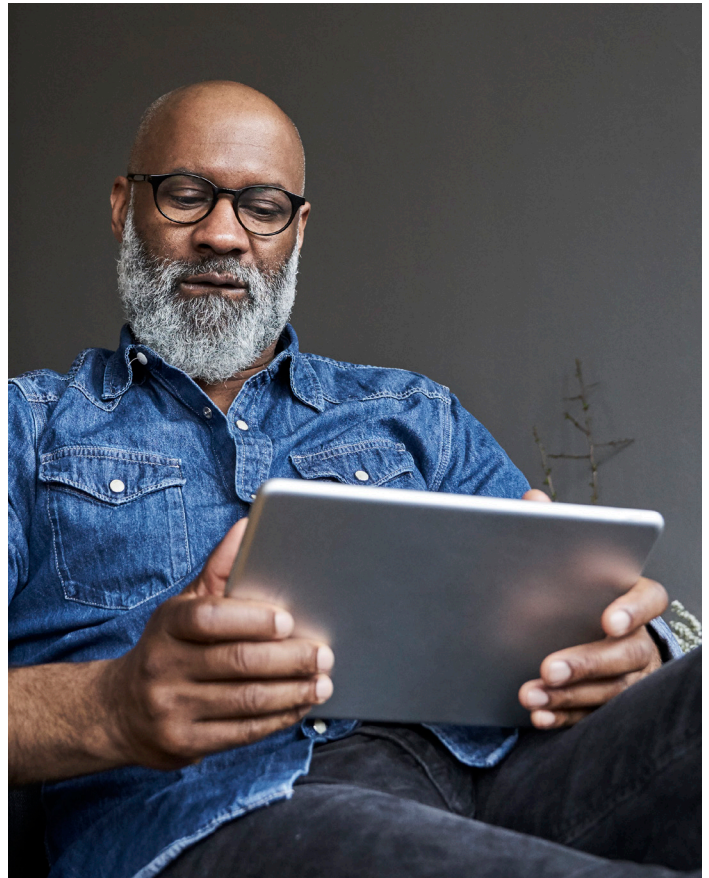

Everyone wants to get the best value on their purchases. Savvy consumers compare pricing on everything – airfare, computers, appliances, home repairs, running shoes as well as healthcare.

Once logged into MyBlueKC.com or the MyBlueKC mobile app, members have access to Find Care, a cost-sharing estimate and price comparison experience that empowers members to see and compare costs for healthcare. With Find Care, members can better understand healthcare expenses before a doctor visit or procedure to help make more informed health decisions.

Members see an estimated cost for healthcare services based on claims data and provider type for common medical concerns.

Follow these easy steps to use the tool:

1. Log in to [MyBlueKC.com](https://www.mybluekc.com) or the [MyBlueKC mobile app](#)
2. Click **Find Care**
3. Type a procedure name into the search bar
4. See results under **Cost for Providers Who Perform** in the drop down
5. Compare and make a more informed decision that matches your care needs and budget
