KCMO CUSTOM PLAN

Blue Cross and Blue Shield of Kansas City

Kansas City

CITY OF
KANSAS CITY,
MISSOURI

Introducing the KCMO Custom Plan.

Blue Cross and Blue Shield of Kansas City (Blue KC) has designed a new plan for employees and covered dependents of the City of Kansas City, Missouri that includes a high quality, custom network of top hospitals and physicians. The KCMO Custom Plan can help you lower your total healthcare costs if you seek care from the physicians and hospitals within the custom network.

The KCMO Custom Plan provides access to two network levels that includes thousands of high-quality providers and many top hospitals in and around the five-county Kansas City metro area.

- *Level 1: Custom for City of KCMO Employees and Provides the Richest Benefits* – Also called the Employer Designated Network, includes Saint Luke’s hospitals and providers in Kansas City.
- *Level 2: Extended Network Access* – Also called the BlueSelect Plus Network, includes additional access to Blue KC’s high-performance care network of over 3,300 providers in the five-county Kansas City metro area, plus nine top hospitals throughout Kansas City.

This directory serves as a source of information for Saint Luke’s providers in the Level 1 network. To receive the richest benefits, you are encouraged to seek care from providers listed in this directory.

You also have access to the extended Level 2 network, called BlueSelect Plus. To locate a provider in this network, you can log into **MyBlueKC.com** and click the **Find a Doctor** tool at the top then **Find a Medical Provider**. On the search page, click in the box under **Choose a health plan**. A new window will appear; select **Medical Network** then choose **BlueSelect Plus**. Next, enter your location and search terms such as provider or hospital name, health condition, or specialist type.

For more information about the KCMO Custom Plan, please refer to your KCMO Member Guide. You can also contact the City’s dedicated Blue KC Customer Service line at 816-395-2969, or consult your Human Resources department.

Providers outside of Level 1 and Level 2 are considered out of network.

Non-emergency services will not be covered.
